Residential Long-Term Care with Modern Cottage Living

Our state-of-the-art campus is manicured and maintained to provide our residents with the beauty, serenity, and peace they deserve.

The Meadows at Lawrence offers a modern take on elder care and long term living in the heart of historic Lawrenceville. Through six separate cottages housing ten residents each, we are able to provide our residents with an authentic home experience where independence and comfort are top priorities.

The Lawrence campus is also home to a Rehabilitation Hospital, Skilled Nursing Facility and Senior Living Community, conveniently allowing our residents to age in place.

Balanced Independence & Support

Our unique model offers seniors more privacy and comfort, with as much autonomy as they choose. With an array of long term care services available, every resident can access the plan of care that works for them.

Each cottage features ten private bed-and-bath suites overlooking our beautifully landscaped, serene grounds, providing the perfect setting for socialization in a close knit, supportive community.
